

Edison Co. Leads Nation Again in Medallion Homes

The first U.S. railroad tunnel was built near Johnstown, Pa., in 1833.

For the third year in a row, Southern California Edison Co. ranks first in the United States in the number of contracts

signed for construction of Medallion Homes, according to G. L. Blanchard, Edison district manager.

Official confirmation of this ranking has been made by the National Electrical Manufacturers' Assn., which coordinates the nation-wide award program to upgrade the electrical qual-

ity of homes and apartments. A telegram from NEMA declares that during 1958, 1959 and 1960 — the entire length of the campaign to date — the Edison Co. has awarded more Medallion emblems than any other sponsoring electric utility, Blanchard said.

Edison presents the distinctive Medallions — either gold or bronze, depending on the degree of electrical excellence achieved — to builders whose homes and apartments meet prescribed modern standards of wiring, electrical capacity, lighting and major electric appliances, he pointed out.

BIG PLANS . . . James Bower, Al Levitt, James Stewart, Dorothy Mewborn and Ben Schwartz, representing developers, agents and clients, for a fun shopping center look over plans during luncheon meeting held last week at the Plush Horse Restaurant. The center will be known as the Rolling Hills Plaza at Pacific Coast Hwy. and Crenshaw. (Herald Photo)

Stamp Club Auction Set

Auction night has been scheduled again by members of the Torrance Stamp Club for Monday evening, Jan. 23 when the group meets at 7:30 at the Scott Park Community Building, 23410 Catskill Ave., Wilmington.

Members who missed the last meeting still have a chance to pick up some choice items of the collection of German

stamps purchased by the club, according to Walter W. Taylor, who announced Monday's program.

Area stamp collectors are being invited to attend the meeting, he said.

Information about the club may be obtained from Taylor, who resides at 109 E. 218th St.

Toastmasters Offer to Aid Torrance Men

A campaign to help men keep their New Year's resolutions was announced today by W. Howard Smith of Torrance, president of the South Bay Toastmasters Club.

"If a man has resolved to improve himself during the coming year," Smith said, "we can help him. Toastmasters training is one of the easiest and most effective self-

improvement methods ever developed." The Toastmasters club, Smith said, offers training in public speaking and parliamentary procedure. It also helps men develop executive skills. In the past 35 years, he said, more than a half-million men have benefited from Toastmasters membership, including govern-

mentors, congressmen, mayors, business and industrial leaders, and many other public figures. Smith said the South Bay Toastmasters Club is currently accepting a limited number of new members. To permit all members to participate in each meeting, the by-laws of Toastmasters International, he said, limit clubs to 30 active members.
